This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and outcomes for disadvantaged pupils last academic year.

School Overview	Data	
Number of pupils in school	<b>205</b> (October census 2024)	
Proportion (%) of pupil premium eligible pupils	76.5%	
Academic year that our current pupil premium strategy plan covers	2023/2024 to 2024/2025	
Date this statement was published	December 2024	
Date on which it will be reviewed	June 2025	
Statement authorised by	Miss A Connearn, Executive Headteacher	
Pupil premium lead	Miss A Connearn, Executive headteacher	
Governor lead	Mr D Melling, Lead for disadvantaged pupils	
Funding overview	Amount	
Pupil premium funding allocation this academic year	£230,880 based on 157 eligible pupils	
Recovery premium funding allocation this academic year	O3.	
Pupil premium funding carried forward from previous years	£0	
Total budget for this academic year	£230,880	

### Part A: Pupil premium strategy plan

#### Statement of intent

At St Hugh's Catholic Primary School we want to ensure that all pupils, irrespective of their background or the challenges they face, make good progress and achieve across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High-quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school.

Our approach is responsive to common challenges and individual needs. We will use assessment and monitoring information to ensure effective targeting of need. This can include pupils receiving in class support, out of class interventions and pastoral support.

We will ensure that pupils will not be inhibited by non-academic barriers. These include: attendance, behaviour, emotional issues and issues in the wider family environment.

The key principles underpinning our approach will be:

- Progress and attainment
- Opportunities beyond the classroom
- Social and emotional needs

inis aetalis th	e key challenges to achievement that we have identified among our disadvantaged pupils.
Challenge number	Detail of challenge
1	Lower baseline upon entry for pupil premium children compared to their peers – particularly in communication and language as well as English and Maths. Exacerbated by a mobile community with little or no previous schooling and high percentage of pupils with EAL
2	Gaps in learning across the curriculum, in particular, core subjects
3	Reduced opportunities of first hand experiences
4	Increased social and emotional needs
5	Pupil premium children who fall into other vulnerable groups
6	Low attendance and punctuality issues resulting in a stressful start to a child's day or missing education resulting in gaps in a child's learning

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

### Activity in this academic year

This details how we intend to spend our pupil premium funding **this academic year** to address the challenges listed above Teaching Budgeted cost:

### £75,143.

Activity Evidence that supports this approach		Challenge number(s) addressed
Further training and support for staff from Read Write Inc synthetic phonics programme to ensure that all staff are trained to an outstanding level so as to support all pupils £3,090  Additional training for new staff.	with extensive evidence and is an important component in the development of early reading skills, particularly for children from disadvantaged backgrounds. The teaching of phonics should be matched to children's current level of skill in terms of phonemic awareness and their knowledge of letter sounds and patterns (graphemes).  1:1 and small group booster interventions led by the most skilled members of staff.	
Wellcom training to support language development	There is a strong evidence base that suggests oral language interventions, including dialogic activities such as high-quality classroom discussion, are inexpensive to implement with high impacts on reading:  Oral language interventions   Teaching and Learning Toolkit   EEF  Bespoke interventions and personalised plans with specialist teaching support pupils to make progress	1, 2, 5

Staff CPD for Ready to Read and Read to Write programmes	Staff attend training to build knowledge and confidence in supporting pupils with the programmes. Reading and writing progress, knowledge and skills improve with the highest quality teaching.		
Enhancement of our maths teaching and curriculum planning in line with DfE and EEF guidance.	The DfE non-statutory guidance has been produced in conjunction with the National Centre for Excellence in the Teaching of Mathematics, drawing on evidence-based approaches:		
We will fund teacher release time to	Mathematics guidance: key stages 1 and 2		
embed key elements of guidance in school and to access NW Maths Hub resources and CPD (including Teaching for Mastery training).	Mastery techniques through the use of NCETM broaden and deepen pupil's mathematical skills and knowledge.		
Improve the quality of social and emotional learning through the use of sensory circuits and sensory activities outdoors.	THORE IS OMOTISTED CHACTICE ASSOCIATING CHIMINOCA SOCIAL AND CHIMINOTHAL SKIIIS WITH		
Targeted academic support Budgeted cost: £143,068			
Activity	Evidence that supports this approach	Challenge number(s) addressed	
Improve pupil's mental wellbeing and behaviour through academic and pastoral mentoring.	Pastoral team and Inclusion Manager will support pupils to improve mental health and wellbeing.	4 and 5	
momoning.	https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/behaviour-interventions		
	https://educationendowmentfoundation.org.uk/public/files/Publications/SEL/EEF		

Provide RWInc catch-up sessions in Reception, Y1, Y2, Y3, Y4 and Y5	Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks:  Phonics   Teaching and Learning Toolkit   EEF	1 and 2
Provide specific intervention teaching in Upper KS2 to support progress and gap fill knowledge.	Additional teacher will enable targeting of individual pupil needs and small group intervention.	1, 2 and 5
Wider strategies Budgeted cost: £30,286		
Activity	Evidence that supports this approach	Challenge number(s) addressed
Whole staff training on behaviour management and anti-bullying approaches with the aim of developing our school ethos and improving behaviour across the school.	Both targeted interventions and universal approaches can have positive overall effects:  Behaviour interventions   Teaching and Learning Toolkit   EEF  Working with DFE identified schools/trust to improve practice.	4, 5
Embedding principles of good practice set out in the DfE's guidance on working together to improve school attendance.	Research has found that poor attendance is linked to poor academic attainment across all stages.	6

	Rewards for attendance punctuality promote attendance both at class/school level and individual family level.	
	Offer of free breakfast club encourages attendance.	
	In specific cases transport will be offered.	
Purchase of school uniform, PE kits, swim wear and footwear.	Breaks down barriers for parents and enables pupils to be in school to experience whole curriculum offer.	2, 5, 6
£3,000		
All pupils access a wider range of educational and enrichment opportunities.	Wider experiences of visits, visitors and residentials encourages pupils to be aspirational and motivates learning.	3, 4, 5, 6
£7,000		
Contingency fund for acute issues.	Based on our experiences and those of similar schools to ours, we have identified a need to set a small amount of funding aside to respond quickly to needs that have not yet	All
£1,000	been identified.	
	e allocated amount by £17,617 which will be factored into other budgetary lines.	

Part B: Review of the previous academic year Outcomes for disadvantaged pupils

We have analysed the performance of our school's disadvantaged pupils during the previous academic year, drawing on national assessment data and our own internal summative and formative assessments. (Provisional unvalidated results 2024).

#### **Targeted Academic support**

#### **Foundation Stage Profile**

Setting	2022	2023	2024
National	65.2%	67.2%	Not yet released
LA	58.4%	61.5%	62%
LA FSM	45.4%		58.6%
St Hugh's	18.5%	26%	25%
St Hugh's FSM	21.4%	13%	21.4%

The data demonstrated that resources spent on reading have impacted with EYS Good level of Development comparable to 2023 data 26% and 2024 25%. Pupils in receipt of FSM attaining GLD increased from 13% in 2023 to 21.4% in 2024. We recognise that this is significantly below LA and National averages, due to lower eligibility, SEN, EAL and lower starting points indicated in baseline due to no pre-school experience as well as mobility within the class population.

### **Phonics Screening Check**

Setting	2022	2023	2024
National	75%	79%	71.4%
LA	73.2%	78%	Not yet available%
LA FSM	63.8%		
St Hugh's	28%	50%	77.2%
St Hugh's FSM	35.3%	37.5%	58.8% out of total achieving

Phonic Screening Check improving by 27% to 77% in 2024. Pupil premium pupils attaining PSC rose from 37.5% to 58.8% in 2024, an increase of 21.3%

These scores were above the national average. Testament to the high quality teaching of phonics and a relativerly stable cohort.

To help us gauge the performance of our disadvantaged pupils in KS2 we compare their results to those for disadvantaged and non-disadvantaged pupils at national and local level (local data has not yet been released for group analysis) and to results achieved by our non-disadvantaged pupils.

	Reading	Writing	Maths	Combined (RWM)
2022		_		
National	75%	69%	71%	59%
LA	69.8%	64.1%	64.7%	51.9%
St Hugh's	22.2%	22.2%	19.2%	7.7%
2023				
National	73%	71%	73%	59%
LA	68%	68%	69%	54%
St Hugh's	31.5%	31.5%	36.8%	31.5%
2024				
National	74%	72%	73%	61%
LA	701%	69%	69%	57%
St Hugh's	31% (20%)	19% (5%)	19% (5%)	19% (5%)

It is recognised that performance is significantly lower than national. There are several factors including: EAL, SEN, High mobility and low starting points that demonstrate starting points and language acquisition as the main factor in low results. Strategies have had positive impact but due to mobility these will continue in 24/25 academic year.

Disadvantaged pupils performance has decreased in all measures compared to 2023. This is due to extremely high mobility and pupils who had very low starting points.

It is recognised that this strategy is enabling improvement but needs to continue and will do so into academic year24/25 with a sharp focus on writing and maths.

#### Wider strategies

We have also drawn on school data and observations to assess wider issues impacting disadvantaged pupils' performance, including attendance, behaviour and wellbeing.

The data demonstrated that our attendance strategy is working with school attendance in 2023 being higher than national averages. Therefore, we will continue to prioritise our strategies for attendance within the next cycle.

#### Attendance summary 2024

Attendance	National	St Hugh's
OVERALL	92.8%	95.7%
Authorised	4.7%	1.98%
Unauthorised	2.5%	2.3%
Persistent absenteeism	20.7%	13.7%

Analysis of group attendance and pupil wellbeing, wider strategies of enriching pupil experience and pastoral support through visits, visitors and Colomendy Residential in Upper KS2, more pupils are motivated to come to school and motivated to learn.

Based on all the information above, the performance of our disadvantaged pupils demonstrates less pupils met expectations at KS2, compared to 2023 Internal data indicates more pupils are to achieve the outcomes we set out to achieve by 2024/25, as stated in the Intended Outcomes section above.

Our evaluation of the approaches delivered last academic year indicates that Reading has become more effective and focus will now be on writing and maths to narrow comparator gap. Due to the transcience of the school population these priorities will continue, as will the focus on attendance.

We have reviewed our strategy plan and made changes to how we intend to use some of our budget this academic year.
